

Effective January 1, 2017

Because many patients have high deductible insurance plans and with changes in insurance plan designs please be aware of the following:

- If you do not have current insurance information you will be considered a self-pay patient. As a self-pay patient, at check-in, you will be required to pay \$85 and sign an insurance waiver form. Any balance due for services rendered will be collected at the time of check-out.
- If your insurance card does not indicate a co-pay amount, or indicates you have a high deductible insurance plan, Advanced Dermatology Associates, LTD. will require a minimum payment of \$85 toward your deductible.
- For in-office surgery there will be an advance payment required of \$150 to be applied to your deductible. For in-office surgery cancelled within 24 hours of the procedure the \$150 will be considered a no-show fee. Mohs surgery fees are a separate charge and will be explained at the time of scheduling.

Based on your insurance plan and medical care received from your provider during your office visit you may receive a bill for additional amounts due.

Thank you,

The Management of Advanced Dermatology Associates, LTD
